

**ANANDSHALA TOOLKIT**

Anandshala is an approach that helps make schools a joyful learning space by enabling students and teachers to think and express freely. Anandshala furthers language abilities and changes attitudes towards schooling by building stronger relationships between students, teachers and parents.

**Stay.  
Engage.  
Learn.**

"Anandshala has provided me a support system for me to accomplish teaching well, learning well and build stronger relationships with parents."

**Saleha Parveen**  
Teacher

**OUR PARTNERS**

# THE ANANDSHALA TOOLKIT

## TEACHER

### Early Warning System

A system that uses school level data to help teachers know students, and track progress of students who are not attending, engaging & learning at school.

- + EWS manuals and formats for teachers.
- + Instructional videos
- + Posters to understand and share the process with others

### Enrichment Program

Activities for students to develop language skills by enabling free expression and creative thinking using body movement, arts and sports while actively engaging with the community.

- + Enrichment manual, including activities.
- + Energiser and facilitation videos
- + Posters to understand and share the process with others

## HEADMASTER

A leadership program for Headmasters to be able to initiate change within their schools and support teachers in taking the Anandshala approach forward.

### Headmaster Diary

The headmaster diary is a tool designed for the HM to help him plan, monitor and reflect on the activities in the school. It includes activities for goal setting, vision building, as well as tools to capture achievements, learnings tasks, and other specific data about the school.

### School Calendar

An annual calendar to help plan, monitor and document activities within the school.

## BLOCK & DISTRICT LEVEL FUNCTIONARIES

A capacity building program for Government functionaries at the district level, giving them a platform for professional development, lead processes for quality education and strengthen facilitation skills.

### CRC diary

A journal along with an intensive training on how cluster level functionaries can plan, monitor and ensure quality education in schools.

### Change leaders Program

A leadership program for selected government functionaries to build a vision for quality education and initiate change within their communities.

### Quality Monitoring Framework

A monitoring framework for district level education functionaries that uses data to help monitor the quality of school level implementation.

## PARENTS AND COMMUNITY

Activities and games for parents to build awareness and engagement with schools and understand their role towards their child's education. It aims to open up channels of communication between parents and schools.

- + Voice messages and posters to trigger conversations and spread awareness
- + Tracking poster to track and understand reasons for absenteeism.
- + Open house guide to help build stronger relationship between the school and the community.

## Anandshala Films

A set of videos that highlight the need for equality for quality education. They capture student voices about their idea of an ideal school, role and attitude of teachers, and their relationship with them.

## IVRS

### Interactive Voice Response System

A mobile based platform for users to give feedback and clarify doubts on the use of the toolkit.

## Training and Ongoing Support

An intensive training and on-going support to Master Trainers on how to help teachers and headmasters plan and monitor the implementation of the Anandshala model at the school level.
