MasterCoach

A training & certification Program
by Quest Alliance

MasterCoach will help facilitators...

- To better integrate and execute their multiple roles within their work, personal and societal context
- With skills to build, manage and facilitate 21st century classrooms
- By strengthening their teaching methodology to improve student learning outcomes
- To use technology to customise content and curriculum for any learning environment
- Role modelling best practices, within their institutions, that combine the power of online and experiential learning

MasterCoach Eligibility

- Trainers working with youth
- Graduates with minimum one year of training experience
- Access to internet for 4 - 6 hours a week

MasterCoach Benefits

- Ensuring better student success
- Effective delivery of your curriculum
- Adopt best practices and new methodologies available in the education sector today

The MasterCoach Approach

MasterCoach uses powerful digital and experiential learning methodologies, creating a transformative learning experience.

- Learning at your own location using audio-visual tools and high quality reading material
- Learn as you work and use your learning to improve your practice
- Share and receive ideas from your batchmates through our online platform Trainer Tribe
- Get dedicated support from experts
- Build your toolkit with new trends activities concepts and framework
